Selectman Connelly Seeks Re-election

EDWARD W. CONNELLY

Selectman Edward W. Connelly today announced his candidacy for re-election to the office of Selectman and member of the Board of Health, in the coming November town elections.

Selectman Connelly stated, "My decision to become a candidate for re-election to the office of Selectman is based on the fact that while much has been accomplished, much remains to be done. Our future water distribution im-

provement plan, the overall sewer study and installation program as well as energetic participation in the betterment of our industrial climate are all of prime concern and interest to me and so necessary to ensure the future growth of Agawam.

"I will continue to give of my time, I will continue to utilize my experience in our Town government and I will continue to provide knowledgeable, dignified leadership for Agawam.

Western Bank Increases Savings Dividend To 4%

Western Bank and Trust Company, has increased its daily interest rate on savings accounts to 4 per cent. effective July 1, the directors announced today.

The highest interest rate to be offered depositors since the bank opened in West Springfield four years ago, the 4 per cent rate becomes effective without waiting period on all new savings accounts and accounts already on deposit.

"We are pleased and gratified to note that our savings accounts have grown at a rapid pace," William A. Franks, executive vice-president and treasurer, said in making the announcement. "We are essentially a commercial bank, and our growth has been exceptional in that area. The ex-

cellent development of the savings department, however, has made possible an increased interest rate to depositors."

Western Bank is presently celebrating the fourth anniversary of its founding at 11 Central St. in West Springfield. In December of 1965 it opened a branch office at 1000 Riverdale St., in a new brick structure located next to Friendly Ice Cream. Both locations offer free adjacent parking for rapid in and out banking convenience. Twenty one persons are employed at the two locations, the number having grown from the original six at the Central St. office.

35 Attend Junior Women's Meeting

The Agawam Junior Women's Club recently held an informal get-together at the home of Mrs. Charles T. Marquis, of 34 Wilburt Ter., Feeding Hills, with approximately 35 in attendance.

Discussion was led by Mrs. William J. Miller, a member of the state nominating committee for the Massachusetts State Federation of Women's Clubs, Junior Membership, and Mrs. Robert J. Zulon, club President. Mrs. Miller explained local, state, and general federation, and the workings of the local club. This was followed by a question and answer period.

Light refreshments were served at poolside.

UNICO Chicken Barbecue July 17

The Agawam Chapter of UNICO National will hold their fourth annual Chicken Barbecue, Sunday, July 17th at St. John's Field, Leonard St., Agawam.

General chairman of the event is Walter J. Balboni. Mr. Balboni is forming his committee and planning the usual tasty menu. The date was selected to be sure that fresh native "corn king" corn would be in plentiful supply.

Last year approximately 500 people attended and tickets available from all members are moving rapidly.

All funds raised on the barbecue help the local chapter supply scholarships, camperships and aid for the needy.

Three On Dean's List At N.C.C.

NORTHAMPTON—Three Agawam students are among the 52 students named to the Dean's List at Northampton Commercial College for the semester ending June 10. Named to the list with high honors was Maryann Ceccarini, daughter of Mr. and Mrs. V. J. Ceccarini, 47 Howard St.; Aurora E. Kusick, daughter of Mr. and Mrs. Stephen Kusick, 53 Campbell Drive, and Maria L. Raschi, daughter of Mr. and Mrs. Anthony Raschi, 49 Fairview St.

United Fund Chairman For Agawam Drive Named

Mrs. Edward A. Pettis, 1120 River Road, has been named to head the residential section of the 1966 Pioneer Valley United Fund-Red Cross Campaign in Agawam.

MRS. EDWARD A. PETTIS

according to Residential Division Chairman Miss Alberta Stutsman.

Mrs. Pettis will have the responsibility for organizing and conducting the residential part of

the campaign in Agawam. With a population in excess of 15,000, Agawam is the third largest community, excluding Springfield, in the newly-created Fund area, and Mrs. Pettis has already made a general request for assistance from persons interested in performing a public service.

The first drive of the new Fund will take place next October, from the 2nd through the 27th. The goal, which was announced only last week, will be the largest ever sought by any single Welfare agency in Western Massachusetts—slightly more than \$1.5 million.

Mrs. Pettis, a graduate of Pittsfield public schools and Bay Path Institute, is a member of the Springfield Women's Club, the Agawam Women's Club, and the Arts Club. Mr. Pettis is recently-retired from Gilbert & Barker.

Dr. Richmond At AOA Congress

Dr. Cortland E. Richmond, of Main St., Agawam, was among the more than 2,000 optometrists and guests attending the 69th annual Congress of the American Optometric Association held in Boston last week.

Theme of the meeting was "The Many Worlds of Optometry," and among the sessions featured were those on the general and technical aspects of vision and its professional care, including the vision of the infant and preschool child, contact lenses, vision of the partially sighted, vision in aviation and space, and aspects of the increasing role of government in private health care.

VWWI CARD PARTY WINNERS

The fourth game in the present series of Whist Parties sponsored by the Veterans of World War One was held last Wednesday evening in the Agawam National Guard Armory. Door prize winners were Louis Franchere, Florence Steere, Philomena Blauvelt and Betty McCarthy.

Ace prizes were awarded to Emma Piacenza for the ladies and Les Newcomb for the men. Mystery prize winners were Walter Hagerty, Etta Stetson and Mary Haley.

The following received high score prizes: Ladies—1st, Katherine Cleary; 2nd, Sue McCarthy; 3rd, Julia Capeless; 4th, Gladys Stone; Men—1st, Les Newcomb; 2nd, Howard Thayer; 3rd, Ed Lancour; 4th, Chet Gillette.

The next card party will be held same time . . . day . . . place.

Henry Is Named To Dean's List

LOWELL—William R. Henry, son of Mr. and Mrs. Robert S. Henry of 555 River Road, Agawam, has been named to the Dean's List at Lowell Technological Institute for the spring semester of study.

Achieving this distinction in his freshman year of study, he is planning to pursue the mechanical engineering course.

Plans October Bridal

MISS MARIANNE DePALO

Mr. and Mrs. Joseph DePalo, Sr., of Meadow St., Agawam, announce the engagement and approaching marriage of their daughter, Marianne Rose, to John Edward Stokowski, son of Mr. and Mrs. Edward J. Stokowski, Sr., of Willard Dr., Hazardville, Conn.

The wedding will be an event of Saturday morning, Oct. 22, at

11, in Our Lady of Mount Carmel Church.

Miss DePalo attended Springfield Schools and is a graduate of Agawam High School. She is employed in the accounts payable department of Buxton, Inc.

Her fiancé is a graduate of Technical High School and served three years in the United States Navy. He is employed by Turcotte Mfg., Co., Agawam.

Community Grange Picnic Meeting

Community Grange will meet at 6:30 p.m. on July 19th for a cookout on the Grange lawn on North West St., Feeding Hills. Each member will bring a picnic lunch and coffee or punch will be provided by the refreshment committee of which Mr. and Mrs. Wesley Thayer are co-chairmen. A fireplace will be provided for out-of-door cooking and tables and chairs will be available.

The business meeting will follow the picnic supper and it is hoped that all members will make an effort to attend both picnic and meeting.

 able upstairs in the church dur-
 ing both Bible School and morn-
 ing service; 7 p. m., evening ser-
 vice conducted by Rev. Bennett.
 Wednesday—7:30 p.m., "Hour
 of Power," midweek prayer meet-
 ing and service.

My Neighbors

Waist-Line Watchers—You Can Eat Pie!

Nearly everyone likes pie, and now calorie counters can enjoy
 it too. This new recipe is especially for you.

Low Calorie Lemon Meringue Fruit Pie
 1 cup sifted flour
 ½ teaspoon salt
 4 tablespoons (½ stick)
 butter or margarine
 2½ tablespoons ice water

Sift ½ cup flour and salt into medium-sized bowl; cut in butter
 with pastry blender or 2 knives until mixture is crumbly, then
 blend in remaining flour until smoother. Sprinkle ice water over,
 a little at a time, mixing lightly with fork just until pastry holds
 together and leaves sides of bowl clean. Roll out between 2 sheets
 of waxed paper so no extra flour has to be added. Fit into 9-inch
 pie plate; flute edge, prick well all over with fork. Bake in pre-
 heated very hot oven (450°F.) 15 minutes or until golden. Cool.

Filling
 ¼ cup sugar
 ¼ cup cornstarch
 ¼ teaspoon salt
 1¼ cups water
 ¼ cup lemon juice
 3 egg yolks, slightl
 beaten
 1 tablespoon butter
 1 teaspoon artificial
 sweetener
 1 teaspoon vanilla extract
 1 can (16 oz.) or 2 cans
 (8 oz. each) Diet Delight
 fruit cocktail, well
 drained

In top of double boiler, combine sugar, cornstarch and salt.
 Slowly stir in water, lemon juice and egg yolks. Add butter. Cook,
 stirring over simmering water, until thick. Remove from heat
 and let cool. Stir in sweetener and vanilla. Spoon into cooled pie
 shell. Spoon on drained fruit cocktail.

Meringue:
 3 egg whites
 ½ teaspoon cream of tartar
 2 teaspoons artificial
 sweetener
 2 tablespoons sugar

Have egg whites at room temperature in medium bowl. Add
 cream of tartar and sweetener and beat until frothy. Gradually
 beat in sugar and beat until stiff peaks are formed. Spread over
 fruit cocktail, carefully sealing to edge of pie shell. Bake in
 preheated moderate oven (350°F.) 12 to 15 minutes. Serves 8.
 (each serving, 208 calories.)

SOCIAL SECURITY Questions and Answers

Q. I will be 65 years old this year. I plan to continue to work and will earn \$8,500 this year. Do I have to retire to get medicare benefits? Must my employer be notified if I do file an application?

A. You don't have to retire to obtain medicare benefits. All that is required is that you file an application and prove your age. When you file an application you will receive a full explanation of how and when regular monthly benefits can be paid to you. You should file three months before you reach 65. Your records at social security are confidential, so no one needs to know that you have filed.

Q. I will be 65 years old late this year. When should I file for medicare benefits?

A. You will have medical insurance protection at the earliest moment (the month of your 65th birthday) only if you apply during the three-month period before the month of your 65th birthday. If you wait and do not sign up until the month in which you are 65, your coverage will not begin until the first day of the next

month. This delay can mean a lost month of insurance against doctor bills and other medical expenses. If you wait to file after your 65th birthday, there will be an even further delay in your coverage. As for the hospital insurance part, you will be covered for this as soon as you apply. So, if you want complete medical coverage when you reach age 65, we suggest that you file within three months before your 65th birthday.

Q. I understand there are two parts to the new health insurance program and contributions will be collected for each. What happens to these contributions?

A. Two separate and distinct trust funds were established for the health insurance program: A Federal Hospital Insurance Trust Fund, into which the contributions of workers, employers, and self-employed people for the hospital insurance program will be placed; and a Federal Supplementary Medical Insurance Trust Fund, into which the enrollees' premiums, along with the Government's matching contributions, will be placed. The benefits and administrative cost of operating the two programs will be paid from these trust funds, beginning July 1st.

Q. As a self-employed person I pay 1½ times the rate a wage earner does in social security taxes. Will I have to pay this

higher rate in medicare hospital insurance contributions, too?

A. No. You will pay at the same rate a wage earner does for the hospital insurance—.35 percent of your net earnings up to \$6,600 for your taxable year.

Q. I understand part of this year's increase in social security taxes is to pay for hospital insurance for people over 65. Can you tell me how much?

A. Beginning January 1, 1966, the social security tax includes .35 percent of your first \$6,600 to finance hospital insurance under social security—for people now over 65, and for you when you reach 65.

Q. If I earn \$6,600 in 1966, how much in dollars and cents will I be paying for hospital insurance under social security?

A. If you earn \$6,600 in 1966, you will pay \$23.10 to help finance the hospital insurance program.

Q. Why has the contribution rate of social security taxes been scheduled to increase periodically?

A. The number of older people in this country is increasing. Therefore, year-by-year costs are expected to grow for many years. Income from the gradually increasing schedule of taxes in the law will meet this expected future rise in costs without disrupting the nation's economy by imposing the whole tax needed to support the program all at once.

Turkey-Oyster Casserole

COMBINE leftover ham and turkey with oysters, for this unusual tasty casserole treat.

LEFT-OVER TREAT

1/4 cup butter or margarine
 1/4 cup flour
 2 cups milk
 2 tbsps. A.I. Steak Sauce
 1/2 tsp. salt
 1/8 tsp. pepper
 1/4 tsp. dry mustard
 2 cups cooked turkey, diced
 1 cup cooked ham, diced
 1 pt. oysters, preheated in juice and drained
 3 cups mashed potatoes

Melt butter in saucepan; blend in flour. Add milk and seasonings. Cook over low heat until thick and smooth. Add all remaining ingredients except potatoes.

Pour into greased 2-qt. casserole. Arrange mashed potatoes around edge and bake at 350° for 30 min. Serves 8.

Younger Drivers

Drivers under 25 years of age represent only about 18 per cent of all licensed drivers in the U. S., but in 1965 they were involved in more than 30 per cent of all fatal traffic accidents and 28 per cent of all non-fatal highway mishaps.

New Velour Headlines

THE smart little hat with lots of news for fall offers strong incentive for putting hats back into fashion popularity. This "Year Rounder" beret is one of a group in a new soft velour of "Antron" nylon, bonded to foam for lasting shape retention and almost feather-light weight. The fabric resembles suede, with all of its beauty, but has the added plus of economy and practicality. In six sparkling bright colors, as well as black, are all the popular shapes — the toque, visor, turban, Breton, pillbox, and cloche. Budget-minded gals with a nose for good fashion will also like the economy prices of four to eight dollars, depending on style.

Bruce A. Haynes of 70 Sterling St., Hartford, received a Bachelor of Music Education degree.

Haynes is the son of Mr. and Mrs. Russell E. Haynes of 47 Kings Ave., Agawam. He graduated from Agawam High School in 1961. He is married to the former Muriel E. Murphy, Wilbraham, Mass., who also received a degree in Music Education from the U of H this year.

Drivers Air Safety Views

Minnesota Gov. Karl F. Rolvaag has come up with a unique approach to the highway-safety

On The Lawn

with LARRY LAWRENCE

Have we become so used to instant products that we have lost our patience? It seems possible. I had a letter from a man who was having a lot of trouble with moles. His lawn supply dealer recommended Cope, which he then applied at the heavy rate. A few days later he wrote me and complained that "it did no good."

That was a couple of months ago and I haven't heard from him since. But I am willing to bet that there isn't a trace of a mole in his lawn by now. It takes about 6 to 8 weeks to get rid of the grubs, and when the grubs are gone the moles simply go elsewhere. A little patience would have saved my correspondent a big disappointment as well as a five cent stamp.

Every year I also get similar letters about weed controls. "I put it on as it said in the directions but nothing happened." And I can only answer "Wait." A control for dandelions and other broadleaf weeds, for instance, appears to have no immediate effect, particularly if the weather is cold or dry. But in a few days the weeds will begin to look droopy and twisted. And then, maybe a month later, you suddenly realize that you can't find them. They're gone.

Modern science has given us some remarkable time-and-effort savers. But a little old fashioned patience is still a useful commodity.

problem: seek drivers' ideas. More than 200 citizen suggestions have poured in, including higher middle curbs for multiple-lane highways, mandatory splash guards for the rear of trucks, a licensing requirement for auto mechanics, installation of red, amber, and green auto-signal lights to correspond with traffic signals. Chet O'Toole, director of the highway safety department, says feasible suggestions turned over to him by the governor's office will be implemented.

Miracle In The Offing

Don't bet on miracles. It's a dependable rule, provided we don't get too rigid about it. Even in an age of great skepticism, miracles (or reasonable facsimiles) have been known to happen in the very bosom of Science.

There are, for instance, the "miracle" drugs. Like isoniazid, whose use along with some others dramatically changed the sickness and death rates in tuberculosis. Just a little white pill.

Now doctors have confirmed another valuable function for isoniazid. It not only helps people recover from TB. When properly used for prophylaxis (disease prevention) it can help stave off illness in people who have the TB germ in their bodies but do not have the active disease.

The exciting possibilities that lie ahead in the use of isoniazid were emphasized by Dr. Alfonso H. Holguin, the nation's chief

tuberculosis control officer, before a meeting of TB association executives. "We now can solve the problem" of TB, he said "before it becomes a problem."

Unfortunately there is a hitch.

Isoniazid, in order to do its job of disease prevention, must be taken every single day for at least a year—maybe longer. It may sound like a trifling problem; but TB doctors and nurses will tell you from their sad experience that it's one of the greatest roadblocks to the final wiping out of the disease. People who aren't sick can get awfully bored and negligent when it comes to taking medicine day after day.

Just the same the National Tuberculosis Association, and the whole anti-TB movement including your Christmas Seal organization, are determined to find an answer. They've embarked on a

study of the way people behave during long-range treatment for the cure or prevention of TB. It will take lots of time, work and expense; but what they find can bring important benefits to mankind.

Barbecued Steak Kabobs

THE WORD "steak" actually means "to roast on a stick." Try a steak kabob dinner for your next barbecue and you'll see that our ancestors knew a thing or two about broiling meat!

STEAK KABOBS

- 1/2 cup olive oil
- 2 tbsp. A.I. Sauce
- 1 tbsp. vinegar
- 1/2 tsp. freshly ground pepper
- 4 tbsp. lemon juice
- 1 garlic clove, crushed
- 1 lb. steak, cut in 2" squares
- 12 mushroom caps
- 8 small white onions

Prepare marinade from first 6 ingredients, marinate steak and mushrooms for several hours in mixture. Thread on 4 skewers, starting and ending with onions, alternating meat, pepper and mushrooms in center. Broil evenly over coals, baste frequently with remaining marinade, until brown.

If you can't stand criticism you're not worthy of praise.

THE NICKEL'S LAST STAND

DON'T TAKE ANY WOODEN NICKELS

The nickel is celebrating its 100th birthday. And down through the years it has been a symbol of the fluctuations in buying power.

It was born during the Civil War, when silver coins had all but vanished as people hoarded them or shipped them abroad.

By 1879 the nickel assumed merchandising significance with the establishment of the "Great Five Cent Store," which a year later became Woolworth's 5 and 10 cent store—the forerunner of a new concept in retailing. Profits from the nickel and dime items made it possible for F. W. Woolworth Company to build the first modern skyscraper in 1913 and pay \$13 million in cash for it.

Today, the ever-growing list of goods or services that used to cost only a nickel—phone calls, newspapers, ice cream cones, cigars, candy bars—brings back nostalgic memories as the familiar 5-cent items all but disappear.

About the only nickel bargain left today, is the ferry ride to Staten Island from New York City.

Although the nickel has been produced in the billions, the Treasury Department calls it simply a "five-cent piece"...but irrespective of what it is called, who could forget these two famous quotations:

Thomas Riley Marshall—"What this country needs is a good five-cent cigar."

Franklin P. Adams—"What this country needs is a good five-cent nickel."

Yes, We Know!

New York
The National Industrial Conference Board reports what many a family man has suspected for some time.

The private research group says a man and wife and two

children has to earn \$13,284 annually to be able to buy the same amount of goods \$5,000 would have purchased in 1939.

It's because of dollar deterioration over the last 27 years caused by increased taxes, inflation, and other economic factors.

Vacation Time Is Here

and with it motor vehicle travel takes on a special significance as many families spend a large part of their vacation time traveling on our highways. For most vacationers, it becomes a most enjoyable time of the year. For thousands of others, it becomes a time of sorrow and regret because of accidents in which people are injured and killed.

The Driver is the key to everything. If he takes care to insure that his car is mechanically fit, if he drives soberly, cautiously, courteously, intelligently — the problem is largely solved. We could build the safest cars in the world but if the driver doesn't take good care of them and doesn't drive them carefully, all of our efforts are in vain.

Remember the new change in the law permitting passing on the right on divided highways and all motorists are urged to look back to both right and left before changing lanes. Slow drivers would be well advised to drive in the right-hand lanes.

DEATH TAKES NO HOLIDAY

The grim spectre is ALWAYS on the job . . . never more so than when most folks are off theirs! Holidays, week-ends and vacation time are precisely when the tragic toll of traffic accidents mounts highest. More people on the road in more of a hurry multiply driving hazards. That's the time to drive with more caution, more patience, more courtesy.

You take your life in your hands when you take the wheel of your car. Take a little longer to get where you're going . . . and live a lot longer!

Little League East Baseball Standings

Monday night the one-hit pitching of Gary Bonavita and a three-run homer by Gary Desimone for his third extra base hit of the game powered the Panthers to a 7 to 2 win over the Bombers. Line score:

PANTHERS	7	9	0
BOMBERS	2	1	0

Mike Williams chalked up his seventh win of the season on a two-hitter Tuesday night, leading the Corvairs to a 4 to 0 win over the Senators. Line score:

CORVAIRS	4	3	3
SENATORS	0	2	1

In a tight-pitching duel, Wednesday night, between Gary Robinson of Corvairs and winner Gary Safford of Panthers, the game was decided on a tie breaking double by Bruce Foster scoring Safford in the last of the fifth inning. Line score:

PANTHERS	4	5	3
CORVAIRS	3	5	3

Thursday night the Bombers beat the Senators 7 to 4 as Mike Gaffey had 2 for 3 and 2 RBI's to pace the Bombers. A good catch by Tommy Quinn in the fourth inning kept the Senators in the game until the fifth inning when the Bombers scored two runs to put the game on ice. Don Wheeler was the winning pitcher. Line score:

BOMBERS	7	4	1
SENATORS	4	4	4

As Little League East finishes its regularly scheduled 2nd round there is a three-way tie for first place. This means a drawing for a "Bye" to have a play-off between two of the teams and the

third team to play the winner of the first game. The Minors will play Tuesday and Thursday so the Majors will play their play-off games Thursday and Friday the 7th and 8th of July. The winner of these play-offs will then play the Panthers for the championship of the season in Little League East.

At the end of regular scheduled play the standings are:

	W.	L.
BOMBERS	5	4
CORVAIRS	5	4
PANTHERS	5	4
SENATORS	3	6

Pitching records—Mike Williams, 7 wins Corvairs; Gary Safford 6, Panthers; Tom Davies 5, Senators; Gary Bonavita 4, Panthers; Don Filiault 3, Bombers; Gary DeSimone 2, Panthers; Don Wheeler 2, Bombers; Gary Robinson 2, Corvairs; Dan Hebert 1, Bombers; Brian Nichols 1, Corvairs; Paul Houlihan 1, Bombers; Mike Moreau 1, Senators.

Homers—Gary Bonavita, Panthers, 6; Gary DeSimone, Panthers, 5; John Anderson, Panthers, 2; Tom Davies, Senators, 1; Dan Hebert, Bombers, 1; Gary Safford, Panthers, 1.

Surprise Sale . . .

Detroit Surprised readers thought they had found a bargain in the classified advertising section of a suburban Grosse Pointe newspaper recently.

The ad offered a "large ivy-covered red brick colonial on 6.6 acre estate, 105 rooms, 30 baths, large rec rooms, indoor pool, tennis courts, ideal for teens, spacious dining room, fully equipped kitchen. . .

"No taxes. Must sell, senior member of family moving to larger quarters," the ad continued.

Interested parties who called the listed telephone number were greeted by a friendly secretary who said: "Good morning, Grosse Pointe High School."

TODAY'S AGRI-FACT

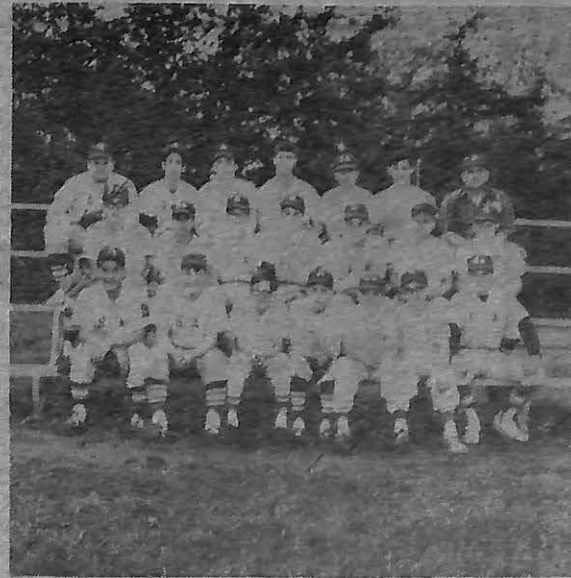

The reason that the week of July 4th is traditionally the season's finale for native asparagus is simply that asparagus is a long-lived perennial root of great size and strength. If the shoots were cut later, it would ruin the food supply on the roots and jeopardize next year's crop. So Lou Webster reminds us from his retirement home in California.

MIKE WILLIAMS
Corvairs, 7-game winner
(Pitcher)

In the Inter-Church Baseball League the Sacred Heart Shamrocks are pictured above at left with their coaches, Mert Wills and Dick Fellion and

at the right are St. Anthony Crusaders with Coach Nick Delucchi.

Pictured above at left the St. John Angels with coaches Wylly Brame and Robert Gingras and at right St. Theresa Knights with coaches Donald Roberts and Raymond LeFebune.

U.S. Johnny Appleseed Stamp

United States Postmaster General Lawrence F. O'Brien has announced the design of the Johnny Appleseed commemorative stamp.

The 5-cent stamp, the first in the "American Folklore Series," will be issued Sept. 24 at Leominster, Mass., birthplace of John Chapman, the gentle eccentric who roamed over some 100,000 square miles planting apple trees.

It is fabled that Johnny Appleseed began his nomadic life after a dream in which he had a vision of the world filled with apple

trees in bloom—and he set out to make that dream come true. Chapman gave away, bartered, or sold seedlings to Midwest pioneers, depending on their ability to pay. He went barefoot, even in winter, sometimes wore an iron kettle for a hat, and got along fine with hostile Indians.

The Johnny Appleseed vertical stamp is dominated by a red apple, before which Johnny stands, in black and white, spade over his shoulder and seedbag in his left hand. At the top, in green, is "Johnny Appleseed." The stem of the fruit and a leaf also are green. Extending across the bottom of the stamp is "5c United States Postage."

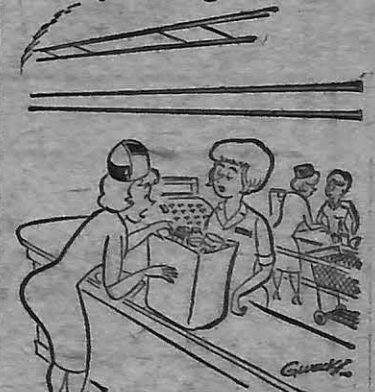

The design is by Robert Bode, art director for a New York advertising firm, who is making his debut as a stamp designer. It was engraved by Arthur W. Dintaman (vignette) and Howard F. Sharpless (lettering) of the Bureau of Engraving and Printing.

Collectors desiring first-day cancellations may send addressed envelopes, together with remit-

tance to cover the cost of the stamps to be affixed, to the Postmaster, Leominster, Mass. 01453. A close-fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed.

The envelope to the Postmaster should be endorsed "First Day Covers 5c Johnny Appleseed Stamp." Orders must not include requests for uncanceled stamps. Requests must be postmarked no later than Sept. 24, 1966.

STORROWTON MUSIC FAIR

New England's most fascinating musical theatre in the round

Eastern States Exposition Park, West Springfield, Mass.

Jayne Mansfield, who came to prominence with a role in the successful Broadway comedy "Will Success Spoil Rock Hunter?", and whose shapely dimensions have defied the Parisian designers' attempts at the gaunt, "flat" look, will come to Wally Beach's Storrowton Music Fair for a week beginning Monday July 11. Miss Mansfield will star in Jule Styne's rollicking musical hit, "Gentlemen Prefer Blondes."

The famous musical hit of the 1950's, based on the Anita Loos story of Lorelie Lee, was the vehicle that brought stardom to

Carol "Dolly" Channing. Her rendering of "Diamonds are a Girl's Best Friend" made stage history, and until the advent of "Hello Dolly," that song hit was virtually her trademark.

The musical is set in the dizzying atmosphere of the prohibition era when Coolidge was head of state, and speakeasys were as fashionable as today's discotheques. The saga of Lorelie Lee, the blonde gentlemen preferred, has been transferred to the motion picture screen with Marilyn Monroe as "little girl from Little Rock" who didn't know how to say "No." Unfortunately, it was one of those films whose resemblance to the original Broadway musical began and ended with the title, so if you've seen only the movie, as they say, "You ain't seen nothin' yet."

Jule Styne's vibrant score includes such songs as "Little Girl From Little Rock," "Diamonds are a Girl's Best Friend," "Bye Bye Baby," "I Love What I'm Doing" and "Keeping Cool With Coolidge."

Following "Gentlemen Prefer Blondes" at Storrowton will be a "first" for Wally Beach's music tent, the tryout of a brand new, Broadway-bound musical by the creators of "Bye Bye Birdie." The musical, "A Joyful Noise,"

will star handsome John Riatt, one of the top singing actors of recent years. Riatt, who was Billy Bigelow in the original Broadway production of "Carousel," will move on to Broadway with "A Joyful Noise" in October.

Storrowton Music Fair

CHILDREN'S THEATRE
"The Pied Piper of Hamelin,"
an original musical adaptation of

THE JOKER

BATMAN'S ENEMY, the dashing film-TV star Cesar Romero who plays the role of The Joker in the popular Batman television series, will appear twice daily at Pleasure Island, 170-acre magical land of fun on Route 128 in Wakefield, starting Sunday, July 10, and continuing through Sunday, July 17. Romero will appear twice daily during the eight days.

Donkeys' Home

Woodley, England
A tired donkey can check in at a rest home operated for the past 25 years by Miss Violet Philpin of Woodley, England. Lop-eared workers become eligible for Miss Philpin's retirement program when they are too old or infirm to work any longer.

She buys them and keeps them in three stables near her home where they live out their declining years, pampered and petted, forever spared the glue factory. "It's about time someone gave them something," she says, "after all, they've given a lifetime of service."

Miss Philpin was recently forced to advertise for public help in her cause. She said the response was heartwarming.

"The cost of living is going up," Miss Philpin sighs, "even for old donkeys. And I do like to see that they have their feed biscuits, peppermints and sweets."

INFORMATION ON GOLD WAR EDUCATIONAL GI BILL

To be eligible for this benefit you must meet all of the following requirements:

1. Discharge or release from active duty under conditions other than dishonorable;
2. Active duty of more than 180 days, any part of which occurred after January 31, 1965, or if less than 181 days, the discharge after January 31, 1955, was for a service connected disability.

Length of Education—You will be entitled to one month of educational benefits for any month or fraction of a month of creditable active duty after Jan. 31, 1955. The maximum period of entitlement may not exceed 36 months.

Deadlines—You must complete your program within eight years after you last discharge or within eight years after June 1, 1966, if discharged prior thereto.

Vocational and Educational Counseling—Counseling to assist you in your educational and vocational planning, including your selection of a program of education, is available from the VA if you wish it. Counseling is provided without charge, but any necessary travel will be at your expense.

Selection of a Program—The purpose of this new law is to help you reach a definite identified goal. Your goal may be purely educational, such as obtaining a college degree; professional,

such as becoming a lawyer, or vocational, such as becoming a barber or air conditioning serviceman.

Within certain limits, you may choose any approved program of education you need to reach the educational, professional, or vocational goal you have in mind.

You may select almost any school, so long as the school offering the approved course will accept and retain you as a student.

Change of Program—The law permits you to make one change of program, unless your initial program was interrupted or discontinued because of unsatisfactory conduct or progress, in which case counseling will be required to determine if further education and the requested change may be approved. If you desire to make a second change of program, counseling is required, and the change may be approved if the new program is determined to be in keeping with your aptitudes, interests, and abilities.

Change of Schools—The law places no restrictions upon a change of school for the pursuit of the same course or program however, you must apply for VA approval of the change before you transfer to the new school.

Duplication of Benefits—Prohibited—No allowances may be made for schooling if you are also enrolled in and are pursuing a program of education or course paid for by the U.S. under any other law where payment would constitute a duplication of bene-

Beat The Heat With Tuna-Go-Round

When you feel like having a cool dinner on a warm day, try a Tuna-Go-Round Salad. The salad, as cool to make as to eat, is heartier than it looks or tastes—just the thing for summer.

Tuna, rich in protein and minerals, is solid nourishment combined with a delicate flavor that fits perfectly into a salad picture. Canned tuna is especially valued these days as an economical source of complete protein. As always, the tuna eliminates cooking chores; in this instance, you need not even mix it with other ingredients. Simply put it in the salad as is; the dressing provides a natural mixer at serving time.

Tuna-Go-Round Salad

1 small head cabbage, shredded	2 cans (6½ or 7 ounces each), tuna in vegetable oil
1 cucumber, sliced	3 tomatoes, coarsely diced
	2 carrots, shredded

Place cabbage in salad bowl; overlap cucumber slices around cabbage to make border. Make a well in the center of cabbage and fill with tuna. Surround tuna with diced tomato. Sprinkle shredded carrots just inside cucumber border. Serve with 1 cup mayonnaise or salad dressing thinned with 2 tablespoons lemon juice and seasoned with 2 tablespoons each chopped green pepper, parsley and chive.

YIELD: 6 servings.

Educational Assistance—Allowances—The law grants you a monthly allowance to help you meet in part the cost of your subsistence, tuition, fees, books, supplies and equipment and other educational costs. Monthly allowances are as follows:

Program	None	One	2 or More
full time	\$100	\$125	\$150
¾ time	75	95	115
½ time	50	65	75
cooperative	80	100	120

Dependents include a wife, child and dependent parent.

A "cooperative" program means a full time program of education which consists of institutional courses and alternate phases of training in a business or industrial establishment being strictly supplemental to the institutional portion.

The educational assistance allowance for veterans pursuing a program of education exclusively by correspondence will be computed on the basis of the established charges by the institution to non-veterans for the same course or courses.

Payment will be made each month except for those pursuing a correspondence course who will be paid quarterly and on a pro-rata basis for the lessons you completed and serviced by the institution, as certified by the institution.

The cold war GI Bill limits educational assistance to college level training and below in trade, vocational, technical and correspondence schools. It prohibits subsistence payments to veterans in on the job training, farm training, flight training.

Rocket Hazard?

Brighton, England

Two United States space engineers warn that the orbits of discarded rockets currently traveling around the earth might eventually decay to the point where they could come crashing down.

Phil Bono and T. J. Gordon, employed by the missile and space systems divisions of the Douglas Aircraft Corp., told a European space symposium here recently that there are 318 man-made objects now in orbit, of which only 59 are designed to remain in space.

"This fact would indicate that the orbits of 259 spent rocket motors and other space debris eventually will decay to the point where they will present a hazard," the space engineers said.

They added that there appeared to be no assurance that booster rockets, including engines, would be burned up during reentry.

July 21, 1773—The first Doctor of Laws honorary degree by Harvard College was awarded to John Winthrop.
